FOREWORD

"When we leave this school at last,
To go our separate ways,
Our memories will hold fast
Remembrance of our happy days.
We think that you will find
This Cardinal a treasure.
For we made up our mind
To make it for your Pleasure;
If it givs joy in future years,
We'll rest and feel at ease,
Knowing we've won your cheers
By doing our best to please."

CLASS HISTORY

In the fall of 1939 Mrs. Shigley probably wondered for the first time why she ever decided to be a school teacher. On this September morning she looked into the shining faces of what is now the Seniors of '51. They were as follows: Paul Banes, George Burks, Nancy Dunker, Frederick Dutton, Robert Ellis, Beatrice Harner, Doris Hintz who withdrew on March 8, Joseph Mansfield, who withdrew on March 26, Donald McCormick, Darlene Schroeder, Norman Sterner, Patricia Sterner, John Toumine, Alta Weston, and David Whitaker. During the month of November there was much illness and almost all of us missed a few days of school.

When we came back to school in the fall of '40 we had left Patricia Sterner and Paul Banes behind. In our second grade we started with fourteen members who were James Anker, James had remained in the second grade from the year before, Dorothy Budreau, George Burks, who withdrew on February 6, Nancy Dunker, Frederick Dutton, Robert Ellis, Beatrice Harner, Donald McCormick, Darlene Schroeder, Norman Sterner, John Toumine, Alta Weston, and David Whitaker, and Nancy Zootman who entered during the summer from Monticello. This year during the month of October we had perfect attendance.

1941, we feel we are really climbing the stairs of knowledge as we are now in the third grade. The first day we are a little bit bashful as we have Miss Parks as our teacher. Our class now has only eleven members since Robert Ellis and Beatrice Harner withdrew during the summer. The following made up the third grade class: James Anker, Dorothey Budreau, Nancy Dunker, Frederick Dutton who withdrew shortly after school started, Donald McCormick, Darlene Schroeder, Norman Sterner, John Toumine, Laverne Weston, David Whitaker and Nancy Zootman. This is another year that we had a perfect attendance record in October, this seems to be our lucky month about sickness.

In 1942, we are in the fourth grade, Miss Parks is still our teacher, and we are beginning to feel rather important, after all, we are the oldest class in our room. This year we start with twelve members, Jean and Joan Bell joined us the first day of school since they moved in town during the summer. Dorothy Budreau and Laverne Weston both withdrew before Christmas, but Frederick Dutton and Robert Overley also entered before Christmas. The ones that completed the fourth grade were James Anker, Jean Bell, Joan Bell, Nancy Dunker, Donald McCormick, Darlene Schroeder, Norman Sterner, John Toumine, David Whitaker, Nancy Zootman, Frederick Dutton and Robert Overley.

Still moving on we are in the fifth grade and also in Miss Barr's room. With us we have James Anker, Jean Bell, Joan Bell, Nancy Dunker, Frederick Dutton, Donald McCormick, Robert Overley, Darlene Schroeder, Norman Sterner, John Toumine, Lawrence Weaver, David Whitaker, and Nancy Zootman. When school started this year we had one new member, Lawrence Weaver, who entered during the summer. During the month of February we lost three members, they were Jean and Joan Bell and Robert Overley.

In the sixth grade in 1944, we are really getting smart and feeling smarter that we actually are. It seems our class gradually keeps getting smaller, this year

we started with nine pupils who are Nancy Dunker, Frederick Dutton, Donald McCormick, Darlene Schroeder, Norman Sterner, John Toumine, Lawrence Weaver, David Whitaker, Nancy Zootman and Doris Hintz who joined us on March 12. It seems that at this point of our training we girls were feeling rather grown up. Miss Barr would repeatedly day after day make us go wash the lipstick from our lips.

In Junior High and the seventh grade, we have finally accomplished the task of getting upstairs. This is a new experience for us and having to go to different rooms for our various classes in three minutes is one thing we are positive we will never be able to do. Those first few days we didn't know exactly where we were going, we knew that the kids who were already upstairs were laughing at the way we were scurrying down the halls, but we just couldn't be late to class. This year Nancy Dunker, Frederick Dutton, Max Flynn, who was retained in the seventh grade from the year before, Doris Hintz, Donald McCormick, Darlene Schroeder, Norman Sterner, John Toumine, Lawrence Weaver, who withdrew on March fourth, David Whitaker, and Nancy Zootman made up the seventh grade class.

Beginning the first year that we have gone to school eight and one half months, we enter as members of the eighth grade. With us we have Nancy Dunker, Max Flynn, Doris Hintz, Donald McCormick, Joyce Meyers, who moved to Chalmers from Rensselear during the summer, Darlene Schroeder, Norman Sterner, John Toumine, David Whitaker and Nancy Zootman.

With help from Westpoint Township, who added six new members and one member who entered during the summer, we now start our journey over our four years of high school with the largest class in our history. There are sixteen in the freshman class and they are: Jewett Briscoe, who entered from Bunker Hill, Albert Garing, Lester Logan, Evan Patrick, Virgil Van Voorst, Doris Young and Patricia Bell all entering from Westpoint. Nancy Dunker, Max Flynn, Donald McCormick, Joyce Meyers, Darlene Schroeder, Norman Sterner, John Toumine, David Whitaker, and Nancy Zootman, Doris Young withdrew on February 27, made up the remainder of the class.

It is with the above group that we finish our four years of high school. There are now fifteen members and we are proud to say that the same fifteen have gone through the four years of high school together. Also we would like to say that Nancy Dunker, Darlene Schroeder, David Whitaker, Norman Sterner, John Toumine, and Donald McCormick started together in the first grade and have gone to school through the entire twelve years together.

High school has proved very exciting with many activities, such as plays, receptions, and all the other usual activities of high school life.

Of course such things as the day we took a school bus to Brown County and the night we attended the Ice Review are occasions that will long be remembered even after our class parts, and each member goes on down his chosen path of life.

Leaving with you this record, the Seniors of '51 thanks Chalmers High for the many years she has echoed our voices in her halls: bids her Good-Bye and bows out of the picture.

"CLASS PROPHECY"

FLASH!!!!

CHALMERS:—Pat Bell, now Mrs. Mose Stockment, has just announced the opening of their 5000 acre pig ranch. They now have a family of 2 pigs and 5000 children. OH!!!! Pardon us. 5000 pigs and 2 children.

ALCATRAZ:—2-gun Briscoe is now enjoying an indefinite stay at Alcatraz. It seems he drew some money out of the bank after hours. Some future, Josie!!!

NEW YORK:—Max Flynn, better known as "Salty", who owns the Salty Slurpy Sun has just informed us that his youngest son, "Little Nutmeg", has won first prize for having the largest paper route in the whole New York State.

NEW YORK:—Robert J. Bilyeu, president of the Radio Corporation of America, and his lovely socialite wife, the former Nancy Dunker sailed for Europe for a vacation on the Riveria. Classy, Huh!!!

Now for a commercial from our Sponsor, THE ALBERT GARING GESTER FIELD COMPANY. Here's a few words from Mr. Garing. "Friends, and you are my friends. We dare them all to make this statement. My tobacco is the mildest, ripest, strongest, coarsest, of all tobacco leaves. Now can you find any other tobacco that can make that statement??? No you can't. Why??? Because no other tobacco company would want those features. Thank you.

INDIANAPOLIS:—Joyce Meyers, now Mrs. Robert Bud Schmitt, is visiting her husband, a retired motorcycle race driver, who has served 25 years as a paratrooper. We see that Joyce still has her flirting ability though. Seems like she'll never lose that!!!!

LAFAYETTE:—Professor D. C. McCormick, a Professor of Advanced Science at Purdue University, was chosen to speak at the Commencement of the 1953 graduates of Chalmers High School. Professor McCormick has been said to have improved the "H" Bomb 100%.

MADISON SQUARE GARDEN:—Ezzard Charles, the N.B.A. Boxing Champ, has not come to yet, from a blow on the chin he received in a fight with "Ageless Abe Patrick", a young up and down, I mean up and coming fighter. He floored the Champ in 1 second of the first round. It seems that the horse shoes on "Abe's" gloves helped a little. He couldn't hit the champ, so he took one glove off and dropped it on his toe, and when the champ bent over in pain, Abe let him have it with the other hand. As you know Abe is a good clean fighter!!!

CHEYENNE, WY.:—Darlene Schroeder, the girl with that million dollar horse face, er pardon me, I mean Horse Ranch, has just won $10,000 as first in a trick horse riding contest. Darlene's best trick was a fake fall off of a horse. This she had down pat. I wonder why????

HOLLYWOOD:—The N.S.M.A., Norman Sterner Motion-Picture Agency, has just announced its next picture, "The Kangaroo Kid", starring "Skip about Cassidy" and his horse "Petunia". Dirictor Sterner said that this is one of his best pictures.

NEW YORK:—Johnny Toumine and his orchestra, "The Condemmed 8" is now playing in the Amber Room of The Hotel Korea. Johnny has some new musicians in the orchestra now. He has the best Eb tire pump player in the world. His son is also in the orchestra. John the III plays a real hot Bb Phonograph.

CHICAGO:—The VAN VOORST EXCAVATING CO. has just cleared a large group of trees from a piece of land next to the Wigley Field ball park. It seems that the Co. is going to set up a new office. Their president, Virgil Van Voorst will be in charge.

CHALMERS:—Dave Whitaker, the owner of 45,000 acres of land around White County, has informed everyone that he will plant all his land in corn. In the coming year, he will then start his usual crop rotation. Dave has purchased 14 new John Deere tractors to aid in the work.

CALIFORNIA:—Miss Nancy Zootman, sole owner of the TWA airways, has purchased a new $350,000 home in Point Mugu. She visited there while still in High School, and decided she would like to live there. She has her own private DC6 and flies from coast to coast almost daily. "What a busy girl!!!"

NEW YORK:—A new speed record has been set by "Lanky Lester Logan" in his new Bel-Aire jet "Chevie." Lester cruised cross-country in 10 minutes flat. Speedy Huh!!!

Necessary Equipment

Sergeant: "Why is it important not to loose your head in an attack?"

Recruit: "Because that would leave no place to put the helmet."

Logical Reasoning

A teacher in a rural school was instructing her class in the use of antonyms. "Now, children," she said, "what is the opposite of sorrow?"

"Joy," shrieked the class in unison.

"What is the opposite of pleasure?"

"Pain."

"And what is the opposite of woe?"

"Giddap."

"WHO AM I? WHAT AM I?"

We hope in the future that we may keep the following lines as a guide to achieve our goals.

"I am the creator of all prosperity; I am the fountain from which all material blessings flow. Everything that is of value comes from me. I and I alone am the creator of all the world's wealth. I am the salt that gives life its savory flavor. Other than spiritual I am the king of kings, for without me their kingdoms would totter and decay.

"I am the sole support of the poor, and the rich who think they can do without me live empty lives and fill early graves.

"I am the most valuable friend of every worthy youth. If he makes my acquaintance when he is young and keeps me by his side throughout life, I can do more than all other things in the world, for my shadow is the law of compensation.

"I keep bodies lean and fit, minds alert, and when I am neglected, both bodies and minds become sluggish.

"I am the guardian of virtue and the means through which genius achieves greatness. Without me there is no freedom, protection, nor independence for old age. All the great masterpieces of art could not be without me.

"I am the beginning and a part of all the things created by man. Without me civilization could not be, and the means of travel would be as in the days of Adam and Eve. There would be no light other than the light of the sun by day and the light in the skies at night. Man and beast of the field and forest without me would be closer akin.

"Fools avoid me, wise men love me. The man who keeps his hand in mine, throughout his life, never dies—because that which he has created with my help, lives on after he is gone. They who shirk me and scorn my aid never really live. They merely exist as does the indolent parasite. The abundant life, a theory that despised me, is the dream of an empty head.

"Who am I? What am I?

"I AM WORK!"

School Days

Michael had taken a rather strong dislike to kindergarten. All persuasion failed, and his mother in desperation told him firmly that he would have to go.

"All right, Mother," retorted Michael. "If you want me to grow up into a bead-stringer, I'll go."

That Personal Touch

"Won't you give a shilling to the Lord" asked the Salvation Army lassie.

"How auld are ye?" inquired the Scotsman.

"Nineteen, sir."

"Ah well, I'm past seventy-five. I'll be seein' Him afore ye, so I'll hand it to Him myself."

HUMOR

A Penalty

"What's the penalty for bigamy?"
"Two mothers-in-law."

A Solution

Old lady (witnessing tug-of-war for the first time): "Wouldn't it be simpler, dear, for them to get a knife and cut it?"

Nothing but the Truth

"Tell the court how you came to take the car." "Well, the car was standing in front of the cemetery, so I thought the owner was dead."

Out of Business

"What is your occupation?"
"I used to be an organist."
"And why did you give it up?"
"The monkey died."

Lesson in Geography

Teacher: "What are the people of New York noted for?"

Boy: "The people of New York are noted for their stupidity."

Teacher: "Wherever did you get that information?"

Boy: "From our books, Miss Smith. It says, 'The population of New York is very dense.' "

Not Yet

Old Mrs. Jones was in bed with a bad cough, and her nephew was at work with a hammer and nails in the backyard.

"Hello," said Mr. Brown, over the fence, "how's the aunt?"

"Not so good."

"Is that her coughin'?"

"No! It's a chickenhouse."

ACTIVITIES OF BAND

A summer series of practices and concerts was followed by the fall marching programs at all the home basketball games. In the early part of October, the parents of the band members formed an organization to boost the band and its activities. The organization immediately set out on tis first project—new uniforms for the band. A vigorous campaign followed in order to raise funds and a very successful project—a carnival—produced the larger amount of payment of the uniform debt. The students and parents worked together picking up corn left in fields by cornpickers. A party, December 15, 1950, climaxed the end of the project with the band appearing in new red and white uniforms.

Chalmers entered thirteen solos in the annual district Solo and Ensemble Contest at Kokomo, Feb. 17, 1951. Those winning first placings were: Alice Van Voorst, tuba; Doris Thomas, clarinet; Marlene Wagner, clarinet and piano; Donna Faker. alto sax. Second placings went to: Dennis Yoder, trumpet; Patricia Kelly, voice; Margaret Criswell, voice; Janet Spinn, piano; Donna Thompson, piano. First place winners eligible to attend the State Contest in Indianapolis were Marlene Wagner and Donna Faker.
